

# The Giant's Cup

## Question time!

---

- ▶ What causes the waves in the ocean?
- ▶ What causes the waves in the ocean according to this story?
- ▶ Whose footsteps can be heard?
- ▶ How do you know the footsteps are not those of a human?
- ▶ What happens each time the giant foot hits the ground?
- ▶ Has the giant been noticed by anyone?
- ▶ How would the world be different if giants existed alongside us?
- ▶ What else might the giant have left behind, apart from a cup of coffee?

# The Giant's Cup

Think about including a range of different senses in your writing.

What sounds might the giant's footsteps cause?

Try starting a sentence with a sound

E.g. Thud! Thud! Thud! The enormous feet waded easily through the ocean.

## Story starter!

---

Have you ever wondered what causes the waves in the ocean?

Sometimes in life, things are not as they seem.

Footsteps could be heard in the distance. Not careful, quiet footsteps, like those someone like you might make as you move about your living room. No. These footsteps were different: they shook the very earth with every colossal stride. He was coming...
