GEOGRAPHY
Year 3

Focus Question: What makes Greece special?

Key Vocabulary

Island	land completely surrounded by water
Capital city	the city where a country's government is based
Mediterranean	a sea and region south of Europe
Physical feature	a natural part of a place
Human feature	a feature made by people
Tourism	travel to places for leisure
Economy	how money, work and trade are organised

Key Learning

- Greece is in south-eastern Europe; Athens is its capital.
- Greece has mountains, islands and surrounding seas.
- Much of Greece has a Mediterranean climate.
- Greece and Milton Keynes have contrasting landscapes.
- Greek culture and tourism affect daily life and jobs.

Geography in Action

Where is Greece?

In south-east Europe; Athens is capital.

The land

Mountains, islands and seas.

People and place

Culture and tourism affect jobs.

Remember and Try

- Locate Athens and Greek islands on a map.
- Compare Greek and UK environments.
- Explain why people visit Greece.

End Point

I can locate Greece, describe its landscape and climate, and compare Greek life and tourism with the UK.
