GEOGRAPHY
Year 4

Focus Question: What makes Italy, Italy?

Key Vocabulary

Peninsula	land with sea on most sides
Region	an area of a country
Landmark	a recognisable feature or building
Climate	usual weather patterns over many years
Biome	a large area with a particular climate and living things
Tourism	travel for holidays or visits
Export	a product sold to another country

Key Learning

- Italy is a peninsula in southern Europe; Rome is its capital.
- The Alps and Apennines are major mountain ranges.
- Italy has important cities, islands and regions.
- Climate varies between alpine and Mediterranean areas.
- Culture, tourism, industry and trade shape Italy.

Geography in Action

Location

Southern Europe; Rome is capital.

The land

Alps, Apennines, islands and coasts.

People and culture

Cities, traditions, tourism and trade.

Remember and Try

- ✓ Find Rome, Sicily and the Alps on a map.
- ✓ Describe different Italian landscapes.
- ✓ Explain links between tourism and jobs.

End Point

I can locate Italy, describe its physical and human features and explain how tourism and trade affect people.
