Maths

We are continuing to use the White Rose videos and resources to support your learning this week. Remember, there is a slight change to how this works. The video will still be available on the [White Rose website](#) but the worksheet will have to be downloaded from the school website. There are also additional resources available from the [BBC Bitesize website](#) that will match the learning.

Remember to watch the video first then have a go at activity.

Today's lesson is

Summer Term - Week 3 - Lesson 3 - Divide 2 digit number by 1 digit number

Art

Using the picture you sketched last week, create an ocean themed artwork using whatever you have at home. This could be paint, coloured pencils, crayons, felt tips or collage materials.

You may want to try creating different versions of your picture using different materials, depending on what you have available. We would love to see your creations so, if you can, get an adult to send a picture of your artwork to school@ctsmk.org.uk so we can put them up on the school website.
